VIEW OF CONCORD

1746.

By P. Carrigain.

PREFACE.

In March, 1889, the city council appropriated \$500 to publish the Old Town Records of Concord, and in March, 1891, appropriated an additional \$250 for the same object. A joint resolution was passed April 9, 1889, "providing for a committee to supervise the publication of the Old Town Records," which committee was appointed July 9, following. More than a year later the records of the legal meetings contained in the first volume of the Town Records were copied by John C. Ordway, Esq., and made the first 104 pages of this printed volume. Nothing more was accomplished until 1893, when a joint committee was appointed to consider the subject of publishing the Town Records. After considering it fully the committee unanimously reported to the city council, February 13, 1894, in favor of continuing the copying of the records down to and including the year 1800, and of printing the records the present year, which report was adopted unanimously. At the same meeting Alderman Henry W. Stevens and Councilman John A. Blackwood were appointed to act with Mayor Cogswell as a committee to supervise the publication of the old Town Records. The committee employed Miss Isabel S. Dana to copy the records in the second volume down to and including the year 1800, and by a subsequent vote, down to and including the year 1820, which completed the second volume.

The records of the first volume are not in chronological order, but the committee did not think it best to change them in any respect, and they are printed in the order in which they were recorded. The abbreviations, orthography, and punctuation are accurately copied, except that periods are substituted for pen flourishes at the end of paragraphs in some of the earlier records. The long s is used wherever it occurs in all the records. The first volume closes abruptly, giving only part of the proceedings of the annual meeting held March 29, 1749. This was in consequence of the "Bow controversy," during which there are no records of any town meetings, Rumford being deprived of its town privileges. The remaining pages of the first volume contain miscella-

neous records by several town clerks from 1748 to 1831. The proceedings of a meeting of freeholders and inhabitants, held after the transaction of the business of the annual meeting, March 4, 1777; of a meeting held March 4, 1783; and also of a meeting held May 22, 1777, to carry into execution an act regulating the prices of sundry articles, passed in the state April 10, 1777, and the report of the committee then appointed, are printed in chronological order with the proceedings of legal meetings. The other records consisting of sheep marks entered from 1770 to 1831; of licensed innkeepers and taverners; of licensed retailers of wines and spiritous liquors; of marriages by Rev. Timothy Walker, and of intentions of marriage posted on the meeting-house door; of animals impounded and of money found; and the first perambulation of the lines of the township of Rumford, are given, partly condensed, in an appendix.

The second volume of records begins with the act of incorporation of Concord in 1765, and continues the town meetings uninterruptedly from January, 1766. The proceedings of the annual meetings are given fully, accompanied by returns of the roads laid out by the selectmen, and altered or exchanged by vote of the town. Interesting and valuable letters and reports, incorporated in the records, are printed in the same relation in which they appear in the written records. The records of the early settlers of Concord are submitted to their descendants in the hope that they will carefully peruse and profit by them.

Concord March 17th 1789.

L^t John Chandler & } Enter'd their dissent to M^r Evans'
M^r Robert Ambrose } Salery March 17th /D 1789.

M. B. The time is now fully come in which your Invitation of me to the Work of the ministry is intitled to an answer. It must I apprehend be evident to all of you that neither your invitation nor my answer has been attended with any degree of precipitation and altho' it may be said that more time has elapsed since I have had your

call under consideration than the Congregation took in their determination to give me a call ; yet I cannot help thinking that you will charge this delay not so much to my account as to other Causes. Were I now, after what you have heard me so publicly declare to say that I fully approve of everything in your Call I should discover such an inconsistency of Character as would make me very unworthy of that trust & confidence which you ought to place in the man who is called to be your pastor. This however is not the time nor does it come within my inclination to make any animadversions which may either be painful to this Congregation or inconsistent with the true spirit of the Gospel of Christ. Unless I have been misinformed you have approved of me as universally as in the present State of human Nature can possibly be Expected. On my part I declare my approbation of you as a people, tho' your written proceedings are not to my mind.

Here I beg leave to observe that altho' I do not intend to embarrass my answer with any conditions different from those contained in the Call, yet I cannot soon forget the many declarations which were made by a very considerable number of valuable members of this society that they were fully of opinion every alteration I desired would be obtained either before or at the next March meeting.

Let me therefore hope that you will not continue to deviate from the honourable & generous Customs & manners of our pious & worthy forefathers.

I hope you will think it of infinitely more importance to encourage the ministers of the Gospel in their arduous work than to give your Sanction to a method of settling Ministers which in the very entrance of their labours does in a manner tell them that after 20, 30, 40, or even 50 Years of the most faithful service they may be the most miserable Beggars. But I forbear to follow the subject where it may naturally lead. I cannot say that I Personally fear the bad consequences of this System : neither do I remember that I ever said that I would desert the work of the Gospel ministry because the best measures are not always adapted for the comfortable support of the teachers of religion. I hope when my labours cease that if it be the will of God my life may not last long.

Much rather than be a useless burden to any people much rather would I die in a Pulpit & finish my ministry where my first ministerial labours began. Like a good Soldier it would be much better to die on my post than be carried or detained from it to linger out a useless & a painful existence in this world. Having premised these few things I now proceed to inform you that I do fully & explicitly accept your call to the work of the ministry in this Town : & I agree to be your Pastor. And as I do sincerely think the pastoral charge of a Congregation one of the most Solemn & important charges on Earth I feel a diffidence in my-self which I have not often experienced : but I cannot think that you will blame me for this diffidence when you recollect that the great Apostle Paul has said who is sufficient for these things. How to keep the mind from being weakened & too much softened by kindness, or from being scared by those oppositions which do sometimes in some places appear ; so as neither on the one hand to be afraid, or to neglect to declare the plainest & the most awful truths of the Gospel to the best friends : nor on the other hand to shew temper & resentment in the declaration of the same truths to those who are not so friendly to the Gospel, In those things there is a difficulty : It must therefore be very manifest that great firmness & much meekness are necessary that so the Pastor may neither be drawn aside from the line of his duty by the smiles of friends, or carried into unholy & excessive severities by the frowns & reproaches of his Enemies. After this view of things I am persuaded it will not appear an unnecessary formality for me to ask your prayers. I have often heard that a praying people will make a praying a preaching & a successful Minister, I sincerely ask your prayers, I hope you will not deny them, pray that I may not shun to declare the whole counsel of God to you.

Pray that I may be a blessing, & that by preaching & living Jesus Christ, I may both save myself & you.

Whereas John Hoit & others have petitioned the General Court, setting forth, that they live upon a Gore of Land formerly claimed by the Proprietors of Rumford & Canterbury that when said Rumford was incorporated in the year 1765 by the Name of Concord they were left to said Canterbury since which time s^d Proprietors of Rumford & Canterbury have amicably settled said Dispute & that by the late Division of Canterbury they were all (except one) set off to the parish of Loudon, that they are situated at a great distance from the meeting House in said Loudon which makes it very inconvenient for them to be connected there with, & praying that said Gore of Land containing about One Thousand & fifty Acres lying at the North-easterly Corner of s^d Rumford with the Inhabitants thereon may be dissevered from said Canterbury and Loudon and annexed to the parish of Concord; of which due notice has been given & no objec-

tion has been made. Be it therefore enacted by the Council & House of Representatives in General Court assembled, & by the Authority of the same that the above mentioned Gore of Land containing about One-thousand & fifty Acres lying at the North easterly Corner of said Rumford, but now within the Corporation of Canterbury & Loudon be diserved from s^d Canterbury & annexed to the parish of Concord. And the Inhabitants of said Gore of Land together with the Inhabitants of s^d parish of Concord are invested with all the Powers & enfranchised with all the Rights, Privileges, & Immunities which any Town in this State holds & enjoys, to hold to s^d Inhabitants & their Succesors forever.

We the Elders and Deligates of the following Churches (Viz) Gilmantown, Sanbornton, Atkinson, Amherst, Canterbury, Loudon, & Pembroke Convened in Concord July 5th 1797 Pursuant to Letters Mifsive from the Pastor & Church in S^d Concord for the Purpose of taking into Consideration the Proposals of the Revn^d Israel Evans to have his Pastorial Connection with S^d Church and People Dissolved and to Afsist his Dismission from the work of the Gospel Ministry in that place if it Shall be thought expedient.

After Solemn prayer to God for deration and afsistance Proceeded to Receive Communications from M^r Evens and the Committe of the Church and Peopel Relative to the affair before us (viz) 1st The Propofals of M^r Evens in the following words. *Gentlemen* I Re-

quest you to Communicate to the Inhabitants of Concord my Intention of Resigning to them their Pulpit & of finishing my work of the Ministry in this place on the first of July next & I Desire such Measures may be taken as Shall be suitable to that Event. 2nd The votes of the Town expression of their Compliance with the aforesaid proposal & having Impartially inquired with respect to the probability of an accommodation between Mr Evens & Church & People in this Plan and the Prospect of this further usefulness in the work of the Ministry among them. Voted unanimously that in the opinion of the Council, it is expedient that the Pastoral Relation between Mr Evens and the Church and People in this place should be Dissolved, and accordingly it is Dissolved. As no Charges have been Exhibited against the Ministerial or Christian Character of Mr Evens, We Recommend him to the Churches and to the work of the Ministry wherever God in his Providence may open a Door, and with him Divine assistance & Success—And now Brethren of this Church and People we Lament the interruption of that Happiness which hath long characterized this Christian Society & the necessity, which urges your being left as Sheep having no Shepherd exposed to Dangers and to the Enemies of Gospel order—You Consider yourselves as under the tokens of the *Divine* displeasure and Sincerely enquire wherefore it is that the *Lord* is Contending with you. With Sorrow we Reflect upon your unhappy destitute Circumstances—Deprived of the Stated means of Grace & the Regular Administration of the *Gospel Ordinances*. Be intreated to Exercise *Humility* under your present Difficulties and Look to *Heaven* for Direction Guard against every Temptation beware of Criminal Coldness & indifference towards the *Gospel* Study those things which make for peace. Carefully mark those who Cause divisions & avoid them you will Seasonably endeavour to promote a Resettlement of the *Gospel order* as the greatest blessing to Society & see that you fall not by the way. Finally Brethren we Commend you to God & to the word of his Grace which is able to keep defend and build you up—We wish you the Smiles of Providence the Presence and protection of the *Great Head* of the Church That Broth-

erly Love may Continue here & that you may long know how good and Pleasant it is for Brethern to dwell together in unity.

As I have Received your Invitation to settle among
you as your minister, it is Expedient that I should
make known to you the Result of my Deliberations on
that important subject—

You are sensible that this is a subject of magnitude
both as it Respects you and as it Respects myself—It is
a subject which involves the interest of Religion so far as
the influence of this transaction shall extend. It is then a
subject which Requiers sober and prayerfull deliberation

It would be unnecessary for me to relate to you the anxiety with which my mind has Labored in view of my own inability & the weight of that Object which your invitation involves—And it has been my Prayer to God that he would Direct me to those things which will be for the interest of Religion

After Deliberation Respecting the importance of the Object and my own duty I have thought fit to Comply with your invitation and do therefore Comply with it—Praying that God would Crown these our Determinations with his blessing—that He would make me an instrument to promote your spiritual happiness—that He would build us up in faith and love and finally present us faultless before his throne with Exceeding Joy to whom be glory forever—Amen—

22 That six hundred Dollars be raised for the necessary Charges of the Town the Ensuing year

23. That one Dollar be raised on a Poll and other Estate in Proportion to repair the highways the Current year in labour at ten Cents pr hour—

24 That the conduct of one M^cCoy a volunteer in the service of the United States and not belonging to this Town in attempting yesterday in defiance of the Moderator of the meeting to vote for State & County officers deserves sever Censure but his Act of Collaring the Moderator while in the exercise of his official duty we Consider an outrage of the most dstructive Character—

25 That the Thanks of this meeting of this meeting be given to *William A. Kent Esq* the Moderator for his temperate resolute & Judicious Conduct upon that occasion—

To which vote the Moderator made the following Reply *Fellow Citizen*—This expression of your approbation of my conduct as Presiding officer at the Election of your State officers yesterday demands my greatfull acknowledgment—

Awear of the responsibility attached to the office of moderator, and haveing intimation of the claiming that were intended by the Soldiers stationed in this town Calling themselves *united States Volunteers* to interfere in our Election I endeavoured so to decide respecting their voting as would I hoped satisfy every man who regarded the rights of the *Citizen* with this view I was led to extend the right of suffrage to what was in my opinion, and that of many others a doubtful case, I mean that of admitting the votes of those in the service of the united States—who were inhabitants of this Town at the time of their enlistment and not yet departed from it The aragments in feavour of their admision were that in consequence of the Rendervous being in Concord they had not yet left their *habitations* that some of them had families here— and that they had paid taxes to the Town for the year which had not yet expired

Haveing no disposition to abridge the right of suffrage I was willing to give all possibel weight to there considerations and if I erred that it should be in *feavour* of that previledge I therefor received their votes. Here I thought it my duty to stop—The soldiers from the Barracks who never were recognized as *Inhabitants* could not in my view of the subject be so considered for the purpose of Electing or being Elected into office—I was yesterday proceeding to State the grounds of my opinion on this subject but meeting with interruptions evedently intended to protract the meeting to a late hour I determind to proceed no farther in that attempt; but to come at once to that ground which I determined to maintain at the hazard of my life——

I Considered *faithfulness* no less a duty in a modera-

tor than *impartiality* I viewed it as an important Crisis as it respected this Town and prehaps the State—

This may be the place in which a *standing army* Shall first attempt to lay Prostrate the rights and liberties of the *Citizen* I decided that there ballots should not be received in any way or manner—The insults offered to the Town by the afsault made on its Representative I doubt not is Duly felt by my fellow *Citizens*: and I rejoyce that notwithstanding the difference of opinions respecting our national politicks, so many of those who differ from me on that part united in reprobating & resenting that indignity—

26 That the Bell be rung as usal at the expence of the Town—

27. That the Selectmen pay twenty Cents for each Crows head brought to the Selectmen and Killed within the Town between the first day of may & the first day of July next—

28 That a Pall be bought for each burring plaice in the Town—

29. That the 13th article be defmised—

30 That the Selectmen be authorised to make such a contract with the proprietors of the New Hampshire turnpike for repairing the bridge as they shall think proper

31 That this meeting be Difsolved
